

Oak-Pro Extension Handle

- Perfect for extending cleaning reach an additional 20.5"
- Universal locking features adapt to most tools with a snap-on design
- Larger handle O.D. for easier control and motion
- Compact and light weight, yet built sturdy to last
- The grip area is designed to easily hold tool for comfortable hand position
- Flange design prevents hand slippage and also can be used to hang tool when not in use

The Oak-Pro Extension Handle is a professional grade handle which will provide years of service. A simple twist allows the handle to extend out to 73" for high reach areas. The comfortable hand grip makes it easy on the hands and maneuvering on a hard surface. The handle is designed to fit most frame bases and tools.
